Gary,

I updated the photo caption for the San Jacinto page. I deleted the link to the Brio site status. Just submitted a request to the Records Center for the Brio State Task Force document to be uploaded into SEMS and published to the web (work request # **60418-1416**). Will let you know when it is complete. Thank you! Do you have any images for Brio. The site really needs them. Just send a few jpegs and I can get them up when you get the chance.

Thanks Joan – looking good, just a few comments;

On San Jacinto – re: picture with TCRA in caption; some folks may not know what TCRA is, so say “... before temporary cap.”

On Brio – remove site status summary from Topics in Focus; it may conflict with newer information under current site status. Instead, add the latest annual site report (attached above).

Thanks,

9768510

Good Morning,

Below for your review and comments! Joan is working with the Site Team on Camp Minden and she plans to have updated in a week, please review below and provide Joan feedback as needed and “no comments” will be appreciated!

Joan, THANKS for the effort!

Tony Talton, Chief
Revitalization and Resources Branch
Environmental Protection Agency, Region 6

Subject: Web Update Weekly

Website Updates: Redesign of the “Top 10” most visited Region 6 Superfund Websites in 2015 completed. The combined page views for these websites equaled 10,444 unique visitors. The web redesign features new banner images, photo galleries, current content, and “Topics in Focus” with Additional Resources such as the latest: Fact Sheets, Five-Year Reviews, and Community Involvement Plans. Requests for updated content were sent to all of the Site Teams and the updates will be ongoing throughout the year for these high-profile sites.

Tar Creek (Ottawa County), Ottawa County, OK with 1,833 page views in 2015:
